PREPARATIONS

CT

Angiogram

Fast 2 hours prior to examination and be well hydrated. No need to hold bladder.

Neck, Chest, Abdomen, Pelvis & Renal

Fast 2 hours prior to examination. Drink 2 glasses of water 1 hour prior to appointment, then one glass every 15 minutes until appointment. No need to hold bladder, but please avoid emptying bladder 20 minutes prior to scan.

CT Guided Intervention

Up-to-date preliminary imaging on area is required prior to procedure. You will require a driver to drive you home following procedure.

All Other CT Examinations

If preparation is required, this will be advised to you at time of scheduling the appointment.

ULTRASOUND

Upper Abdominal

Fast 6 hours prior to examination.

Abdominal Arterial

Fast 12 hours prior to examination.

Leg Arterial/Veins

Please be well hydrated.

Early Pregnancy

Empty bladder 90 minutes prior to examination. Over the following 30 minutes, drink 500mls of water and hold.

Nuchal Translucency

Empty bladder 90 minutes prior to examination. Over the following 30 minutes drink 500mls of water and hold. Please have blood test performed 3 days prior to the appointment. Best performed between 12+4 and 13+6 weeks gestation.

Pelvic & Renal

Empty bladder 90 minutes prior to examination. Over the following 30 minutes, drink 1L of water and hold.

Morphology

Please be well hydrated. No need to hold bladder. Best performed between 20 and 22 weeks gestation.

Ultrasound Guided Intervention

Up-to-date preliminary imaging of area is required prior to the procedure.

All Other Ultrasound Examinations

If preparation is required, this will be advised to you at time of scheduling the appointment.

CARDIAC

CT Calcium Scoring

No stimulants (caffeine, chocolate, alcohol, or energy drinks) to be consumed 12 hours prior to examination. No exercise or cigarettes on the day of examination.

Echocardiogram

Please do not apply any body lotion or sunscreen to your chest before the appointment. For your comfort we recommend you wear two-piece clothing.

Myocardial Perfusion Study

No stimulants (caffeine, chocolate, alcohol, or energy drinks) to be consumed within the 24 hours leading up to examination. Fast 4 hours prior to examination. Wear a comfortable, loose-fitting shirt (not a dress), as well as joggers and no underwire bra if possible.

MRI & NUCLEAR MEDICINE

All referrals for MRI or Nuclear Medicine examinations are required to be emailed or faxed to the relevant department. Once received, our booking consultants will phone you to arrange an appointment and advise of any preparation instructions.
